

See The Lights Words and lyrics - Rachel Kelly 2015

Come with me to the water's edge,
Take my hand, now open your eyes.
Watch the sun as it slips away.
Feel the glow by the sandstone wall,
Hear the sounds of the harbour at night.
Join the crowd, see their faces shine.
A magical spectacle of light.
See the lights shimmering so vivid and bright over the bay
A wild kaleidoscope of colour
A dancing and dazzling display.
Look above to the star-filled sky
See the tales of dreamers gone by
Make a wish, hold it tight.
A magical spectacle of light.
See the lights shimmering so vivid and bright over the bay.
A wild kaleidoscope of colour
A dancing and dazzling display.
Who'd have thought that we'd ever see this sight
With the night lit up like a stage
Illuminating secrets like an open book
With the world on every page.
See the lights shimmering so vivid and bright over the bay
A wild kaleidoscope of colour
A dancing and dazzling display.

Sop: See the lights shimmering so vivid and

Alto: Come with me to the water's edge

Sop: bright over the bay

Alto: Take my hand, now open your eyes

Sop: A wild kaleidoscope of colour

Alto: Watch the sun as it slips away

All: Dancing and dazzling, bewitching enchanting,

Now nothing will stand in our way!

Lights!
